Recap to Session 1
Goals of the Book Study:

- Share the story of a grassroots school turnaround effort that has continued for over a decade
- Share strategies that can be implemented in your own school or district
- Share with each other – there are no right answers!
Our best intentions...

Four webinars scheduled for this book study, each based upon various sections of the book. I’ll send out the reading sections and themes prior to each session. BUT…

You may not have had a chance to complete the suggested reading. Please know that it’s still OK to participate!
How this will work

I’ll share some ideas, themes, specific strategies, then ask you to reflect, and if you are with a group, discuss. Then we’ll share with each other.

INFORMAL! Let’s talk!
How this will work

Michelle will open everyone’s microphones:

- Be aware of any background noise
- Please state your name, your school and position
- Then let’s talk
- Technology???

The turnaround:

Turnaround at Brockton High

Emphasis on literacy brings big MCAS improvement

Principal Susan Szachowicz, shown chatting at lunch with Yiriam Lopez, is in many ways the school’s biggest cheerleader. (Essdras M Suarez/Globe Staff)

By James Vaznis Globe Staff / October 12, 2009

BROCKTON - Brockton High School has every excuse for failure, serving a city plagued by crime, poverty, housing foreclosures, and homelessness.

Almost two-thirds of the students qualify for free or reduced-price lunches, and 14 percent are learning to speak English. More than two-thirds are African-American or Latino - groups that have lagged behind their peers across the state on standardized tests.

But Brockton High, by far the state’s largest public high school with 4,200 students, has found a success in recent years that has eluded many of the state’s urban schools: MCAS scores are soaring, earning the school state recognition as a symbol of urban hope.

About the Data

Accountability and Assistance Levels:
- All Massachusetts schools and districts with sufficient data are classified into one of five accountability and assistance levels (1-5), with the highest performing in Level 1 and lowest performing in Level 5.
- In general, a district is classified into the level of its lowest performing school, unless the district was independently classified into Level 4 or 5 as a result of action by the Board of Elementary and Secondary Education.

School Percentiles:
- A school percentile between 1 and 99 is reported for schools with at least four years of data. This number is an indication of the school’s overall performance relative to other schools that serve the same or similar grades.

Progress and Performance Index (PPI):
- The PPI combines information about narrowing proficiency gaps, growth, and graduation and dropout rates over multiple years into a single number. All districts, schools, and student subgroups receive an annual PPI based on improvement over a two-year period and a cumulative PPI (shown above) between 0 and 100 based on four years of data. For a group to be considered to be making progress toward narrowing proficiency gaps, its cumulative PPI must be 75 or higher.

And after over a decade!
NO secret sauce
NO silver bullets
NO magic formula
NO special programs

If we can do this, ANYONE can!
Our FOUR transformation steps:

1. Empower a team
2. Focus on LITERACY for ALL
3. Implement with a plan, and with fidelity
4. Monitor like crazy

We will get to all of these throughout the book study.
Using Data Effectively
Last time we talked about the problems we had with beliefs about what the students could do, AND how the team (Restructuring Committee) came together to lead the improvement.
Step ONE: Empowering a Leadership Team

Restructuring Committee – our “think tank”

- Every department represented with a mix of teachers and administrators
- Balance of new teachers and veterans, new voices, and voices of experience
- Selection criteria: Trust, Communication Skills, Collaboration, Humor
- Go after people!!!
We looked at the data: Lesson learned the hard way

Let’s figure out the test
The result of that:

The Great Shakespearean Fiasco
After the Shakespearean fiasco, the Restructuring Committee realized we could not outguess a test, and instead went back to the data.
Review/Read pp. 21-22, *Back to the Data*:

◆ Review how Brockton developed the literacy focus, particularly the questions the Restructuring Committee used to develop the focus on literacy – what struck you most about the questions?

◆ What is/are the BEST data questions or advice you’d share with others that have helped you utilize data most effectively?
LET’S TALK...
The Power of a School Wide Initiative
Defining the Focus:
What does LITERACY actually mean?
What does it look like?
p. 31 “The Literacy Charts represented a significant intellectual change within the institution. They defined the school’s academic expectations for student learning in specific measurable ways and gave Brockton a school wide focus for the first time. Certain reading, writing, speaking, and critical thinking skills - long viewed as the responsibility of a few departments - now were the responsibility of all teachers and departments, challenging the traditional segregation of content areas in the high school setting.”
YOUR TURN: Let’s think about LITERACY

Let’s take FIVE minutes to review the visuals of the Literacy Charts on pages 27-29.

➢ Have you defined a school wide focus – something that EVERY teacher and EVERY student understands is an academic priority for instruction in every class?

➢ If yes, please share what you have developed?

➢ If no, what would you like to see as your school’s focus?
LET’S TALK...
BUT, please don’t think that everyone was HAPPY about this literacy focus… The resistance was building!!!
Getting Buy-In

Let’s take 5 minutes and read/review page 32, particularly regarding the negativity. Then let’s discuss:

➤ Your reaction to some of the faculty comments

➤ Your reaction to the “clever strategy” to minimize negative voices. Would you try it?
LET’S TALK...
The Key to Success: Adult Learning
Strategies for “We ALL Do It THIS Way”

When you have a chance, review the process we used (pages 95-98). And there are many sample Literacy Workshop scripts included for you review, adopt, even implement.
Restructuring Committee determines topic based on data, our needs
Restructuring Committee develops script, we all review and practice

Here’s the general structure of the Literacy Workshop:

- Introduce topic/ Always use an Opener
- WHY are we doing this (provide some data/research)
- Model the steps that teachers will then teach to the students
- Provide guided practice of the skill
- Independent practice of the skill
- Opportunity for questions/Next steps
- Closer
WHAT IS IT? Students must read a passage, and then write a response to a question about that passage.

WHY START WITH THAT? Easily crosses all disciplines, is authentic, and is measurable.

Students demonstrate writing skill AND understand the content.
OPEN RESPONSE WRITING STEPS

1. ACTIVELY READ QUESTION BY CIRCLING AND UNDERLINING KEY WORDS.

2. RESTATE QUESTION AS THESIS (LEAVING BLANKS).

3. ACTIVELY READ PASSAGE.

4. MAP OUT YOUR ANSWER.

5. WRITE YOUR RESPONSE CAREFULLY, USING YOUR MAP AS A GUIDE.

6. STRATEGICALLY REPEAT KEY WORDS FROM THESIS IN YOUR BODY AND IN YOUR END SENTENCE.

7. PARAGRAPHER YOUR RESPONSE.

8. REREAD AND EDIT YOUR RESPONSE.
The student creates a map in order to organize the response:

In this reading ….. (look at the flipped question and restate by filling in the blanks)

**Body Paragraph 1**

**Transition: One . . .**

**Body Paragraph 2**

**Transition: The next . . .**

**Body Paragraph 3**

**Transition: The final . . .**

To conclude… (connect to thesis)
Final Step: The Rubric

This rubric provides the students with the criteria upon which they will be assessed.

**SCORING**
- 13-14 = Advanced
- 11-12 = Proficient
- 9-10 = Needs Improvement
- 0-7 = Failing
So then what...

Follow up the Interdisciplinary Training.

Next step – HOW to bring this into the classroom

- Lessons developed
- Implemented according to a calendar
Everyone was trained to teach the targeted Literacy Skill. The implementation was according to a specific timeline. NO EXCEPTIONS!!!
Success by DESIGN, not by chance!

The Open Response calendar of implementation:

Nov 2-6: Social Science, Social Sci Biling.
Nov 30-Dec 4: Wellness, JROTC
Dec 14-18: Science, Science Bilingual
Jan 25-29: Math, Math Bilingual
Feb 22-26: Foreign Lang, Special Ed
Mar. 7-11: English, ESL, Guidance
Apr 5-9: Music, Art
The key:
We infused literacy skills into EVERY area rather than doubling up on English and math classes. The content provides the context.
And with the Open Response Writing Literacy Workshop implementation, the resistance grew!
The Resistors: Meet Mr. Artist

We had begun the first school wide writing initiative in the hope of improving students’ performance on the state assessment. Everyone has been trained; every teacher has an assigned time for implementing this. You (principal) have been told that Mr. Artist, one of the best art teachers in the school, has covered up the Literacy Objectives with student artwork, and mocked the writing assignment to his students. He is your AP art teacher, most of his students receive outstanding scores on the AP art exam, and he is well respected by his colleagues.
Let’s talk about this kind of resistance

- Let’s talk about how you should handle this as an administrator (remember, there are no “right” answers!).

- How about if you’re a teacher and Mr. Artist is your colleague. Should you say/do anything?

Let’s share...
Wrap Up/Next Steps
THANK YOU!!!

Next session: Tuesday, 12/6

Topics:  *Monitoring the Literacy Initiative
   *Dealing with Resistance
   *Sustaining the Initiative/Staying the Course

Pages 45-75
Prior to the session we will send out another message and provide some themes, questions, and issues to think about.
OPTIONAL

We will remain available for an additional optional thirty minutes for anyone that would like to ask additional questions or discuss any issues further.

To everyone else I say THANK YOU for participating!!!
