

Sexual Harassment Tipping Point – From Hollywood and D.C. to our Public Schools

MARCH 16, 2018

Plainview Holiday Inn, Plainview, New York

8:30 am - 1 pm | Registration fee – \$150 SAANYS members, \$175 non-members

Everywhere we turn, another high profile public figure has been accused of sexual misconduct. We seem to have reached a crucial societal “tipping point” where victims feel more empowered than ever before to come forward and share their stories. This phenomenon will inevitably impact all walks of society, including our public schools. At this conference, educators and school leaders will be provided with a clear understanding of what constitutes sexual misconduct, the procedures that need to be in place to ensure a safe and supportive environment for students and employees, an understanding of the psychological and emotional impact of sexual misconduct, an understanding of the challenges and obstacles that discourage victims from coming forward, and concrete strategies for improving school district policies, procedures, and climate.

AGENDA
