The goal of this conference is to give you the most current information on topics related to school safety.

## ESSENTIAL TOPICS TO BE ADDRESSED:

- Creating systems in our schools for safe and positive climates and cultures for all students.
- What's new at the state and local levels around cutting-edge safety applications, including DASA and VADIR incident reporting.
- The new regulations on student data and privacy and what we as school leaders can do to safeguard our school communities.
- The role of the school resource officer in schools.
- Opportunities to share best practices and plans with colleagues from around the region.

## WHO SHOULD ATTEND:

All building and district leaders, including IT directors, essential service leaders, as well as principals, assistant principals, and district and central office personnel.
